2021

MATHEMATICS & TEACHING VIRTUAL CONFERENCE

SATURDAY, MARCH 6, 2021 9am–3pm ONLINE

KEYNOTE SPEAKERS:

Dr. Edray H. Goins

A Black Man's Journey from South Central to Studying Dessins d'Enfants

Dr. Edray Goins is a mathematics professor at Pomona College whose research interests include origami as branched covers of elliptic curves. Prof. Goins is an alumnus of the LAUSD, Cal Tech and Stanford and President of the National Association of Mathematics, which promotes the success of underrepresented minorities in the mathematical sciences.

Dr. Karen C. Fuson

Balanced Learning-Path Teaching in the Classroom and Remotely

Dr. Karen C. Fuson is a Professor Emerita at Northwestern University and has published over 80 articles in mathematics education. She is an author of the K-6 Math Expressions curriculum and numerous NCTM publications. She is also a CCSS-M writing team author and advisor to the Smarter Balanced Assessment Consortium.

Addressing Dual Challenges:

SYSTEMIC INEQUITY AND COVID-19
