

Name:

Math Major:

Minor (if applicable):

- Integrated courses are pre-filled in below. Additional spaces are provided for your major/minor classes.
- We recommend students take no more than 1 to 2 math courses per quarter their senior year.
- We recommend students demonstrate “subject matter competence” by completing a CA-approved Subject Matter Preparation Program. Look through [UCLA’s Subject Matter Preparation Program](#) to make sure the courses in your math degree overlap with the courses on this list.
- Ed 107A/406: An undergrad may elect to complete Ed 107A (formerly Ed 130) in Fall of their Junior year or Ed 406 (graduate course equivalent) in Fall of their Senior year.
- Ed 127/407: An undergrad may elect to complete **Ed 127** in **Winter** of their Junior year (only the course with professor **Jaye Darby** will satisfy the TEP requirement) or Ed 407 (graduate course equivalent) in Fall of their Senior year.

CA Teaching Credential Requirements:

1. Subject Matter Competence

How do you plan to satisfy this requirement? Check one of the following.

CSET exam Or Subject Matter Preparation Program*

Email vhartoonian@math.ucla.edu to receive a waiver from the Subject Matter Preparation Program.

*In order to receive a 100% CSET waiver from UCLA, students must have “C-” or better in the following courses and an upper division GPA of 2.0 or higher: MATH 117 or MATH 110A, MATH 123 or MATH 120A, MATH 131A, MATH 105A, MATH 105B, and MATH 105C.

**All required courses for the major must be at least 4.0 units and taken for a letter grade

2. Pedagogical Competence

You will satisfy this requirement by completing the following pathway: **Integrated Pathway**

3. 600 Clinical Practice Hours

How many hours have you already satisfied in the following courses?

Math 73XP: _____ Math 74XP: _____ Math 75XP: _____

Keep track of the number of hours you have already satisfied and how many hours you have left to satisfy your senior year. The courses listed above, in addition to Math 105ABC and other Education courses, have an observation component that provide you with a set number of hours every quarter. The more courses one takes, the less number of observations one has to do their senior year to meet the requirement, and vice versa.

Clinical Practice Hours are documented on a Field Log/Observation Form

Keep these forms and submit them to GSEIS once you complete the 600 hours. These are provided in your Education and Math 73XP/74XP/75XP courses.

4. **US Constitution Requirement**
