

JOINT MATH/ED PATHWAY

to be completed concurrently with your undergraduate degree

Name: _____

ID#: _____

Senior Year

Math 105ABC

Ed 330ABC

Ed 360ABC

Ed 405ABC

Ed 406*

Ed 127*

Ed 466

Ed 305

Quarter I plan to enroll in this course:

_____ (F/W/Sp)

This course to be taken each quarter.

_____ (F/W/Sp)

This course to be taken each quarter.

_____ (F/W/Sp)

This course to be taken each quarter.

_____ (F/W/Sp)

This course to be taken each quarter.

_____ (F)

Ed 107A can be taken Fall of Junior year

_____ (Sp)

_____ (Sp)

_____ (Sp)

Graduate Summer

Ed 409

Ed 425

Ed 330C (if needed)

_____ (Su)

_____ (Su)

_____ (Su)

Graduate Year

Math 498ABC

Ed 490A

Ed 491

Ed 481

_____ (F/W/Sp)

This course to be taken each quarter.

_____ (F)

_____ (W)

_____ (Sp)

CA Credential Coursework Notes: The above coursework incorporates much of the 600 hours of supervised clinical fieldwork required for a California Teaching Credential. The coursework also includes guidance on a performance assessment (called Ed TPA). A passing score on the Ed TPA is required for the CA Teaching Credential.

Candidates must successfully meet the Subject Matter Requirement to be eligible for a CA Teaching Credential and to be eligible to student teach. Candidates completing the UCLA Math Department's Math for Teaching Major or Subject Matter Waiver Program satisfy this requirement.

Other Notes: Candidates must also successfully complete the CA CBEST test, U.S. Constitution Test and fingerprinting in order to be placed in a classroom and be eligible for a CA Credential.

*Undergrads must enroll in Ed 127 Junior year with Professor Jaye Darby. Depending on availability, students may elect to enroll in Ed 107A junior year or Ed 406 senior year.
